

Zion Lutheran Church

1937 - 2012

A History of 75 Years of Living Waters

Jesus stood up and cried out, "If anyone thirsts, let him come to me and drink. Whoever believes in me, as the Scripture has said, 'Out of his heart will flow rivers of living water.'" John 7:37b-38

In this dry land of sand and sagebrush, where man chose to harness the Columbia River for water and power, a mightier eternal force was established, Zion Lutheran Church. Seventy-five Years of GOD'S BLESSINGS have been ours through Zion Lutheran; the preaching of GOD'S everlasting GRACE, love, comfort, and protection have been ours with Zion Lutheran. Just as man's efforts have brought power and water to the desert, so God has provided His Almighty power and LIVING WATER for the thirsty soul.

About the time work began on Grand Coulee Dam in 1933, Pastor W. F. Georg, in conjunction with Pastor Brockmann, canvassed various communities, made initial calls, contacted prospective members, and located places to have church. Serving Hartline and Grand Coulee, on March 1, 1935, Pastor Hugo V. Gurney took charge of our new parish and provided LIVING WATER for the Thirsty.

Zion meaning mountain, or Church of God (Zion Lutheran) was chosen to be the name of our church. First services were held at the Kammeyer's (the old ice plant), S. E. Meyers, and the William Jensen's homes. Later services were held in the grade school in old Grand Coulee. Then, the desire for a communal church led to the search for lots. The desired lots were donated by Elmore Fleischmann Land Company in May, 1935. A \$500 loan was secured from the Mission Board for church construction. Thirst for LIVING WATER led the men of various skills to give generously of the time and ability to the building of church. After countless hours of loving labor, the church was dedicated on August 30, 1936. The first congregation counted thirty baptized members and fourteen Thirsty communicants.

We remember with grateful thanks the vacancy and guest pastors who have preached at Zion at various times for various periods of time as needs have arisen. These included Martin A. Baumann, Ron Janz, Stephen Larson, Robert Merz, Ken Schauer, Bill Lehmann, Will Nitz, Hospital Chaplain David Stuenkel, and others.

The congregation is also most grateful to the Elders who have at times led our worship in a "reading" service. Wherever the sermon was found, our souls were always fed with God's true Word.

Zion's Witness

Our congregation has favorite projects and charities they support each year. Some of these have been on-going for many years, while some newer ones have been added more recently in our 75-year history.

However, each one of these enables us to better show loving support to our fellow members, other Christians, or is a witness in our community. Each one equips us to more easily show how we can encourage one another to more fully "love our neighbor."

Some of the ways in which Zion witnesses to the community and helps them to know us are the Sunday School, the quilting for charity local and world-wide, the Easter Breakfast, VBS (Vacation Bible School), church picnics, special music performances, talent shows, Nursing Home visits, local Care and Share Food Bank, Trees of Sharing, potluck meals, the Christmas Tea, and others. The quilting projects have involved many throughout the community and have even brought some into the congregation. The Quilt Shows were always a community favorite.

Other projects are more congregational oriented. A few are the recognition of confirmands, college youth "care packages", support of a Sem student, support of a missionary, All Saints Remembrance Day, Lutherans for Life Diaper Drive, and Wheatridge seals.

In all of these, the LWML (Lutheran Womens Missionary League) as well as the former organization AAL (Aid Association for Lutherans, now known as Thrivent for Lutherans) and the Lutheran Brotherhood gave generous support of times and monies to our congregational projects. AAL worked especially through Helping Hands and Project: Beautification events.

Zion Lutheran Church is a loving and caring and giving group of Christians who show by their lives that Jesus lives in their hearts. May God continue to bless our fellowship and our outreach bountifully into our future.

Zion's Music

Music has always been important at Zion Lutheran Church. We have the heritage of Luther's hymns, and of Bach's chorales traditionally played upon an organ. Zion has always been blessed with many able musicians, both gifted pianists and organists, as well as singers.

Choirs from the past included the one in 1947 that presented an Easter Cantata. In the early 1950's, Junior and High school Choirs were active with the pastor's wife Mrs. Schiefelbein as director. Twelve choir robes were sewn by the ladies of the church. In 1967, the Concordia Choir sang here. The Junior Choir gave a Christmas concert in 1972. More recently, the Adult Choir sang for the first time wearing their new blue robes at the Children's Christmas program, in the present church building. This was in 1986, and the pastor's wife Betty Wenzel was the director. After the Wenzels retired, other such as Linda Rise, Mike Martin, and Paul Schepler led the choir at various times. The Sunday School children use voice and instruments when they lead the congregation in the worship service.

But music here also includes when our members put their God-given talents to use to beautify the worship services in non-traditional ways. Among the talents that people have shared were the singing accompanied by the guitar by the Batterman Family. If you heard it, you could never forget Marvin Gordon playing Silent Night at the Christmas Candlelight Service one year, using "tuned glasses." For several years, there were enough school band members among our youth to have a small band playing either for Christmas or Easter services. Pat Maxwell through her fine playing has introduced us to several unusual instruments such as the Hammer Dulcimer, the Mountain Dulcimer, and the Psaltery. Trumpeters such as Linda Goodin or Marvin Gordon have heralded many Easter services. And, with modern technology, when Paul Schepler sings a "solo", he has a full background of choir and instruments. A special

treat is always when the organist and the pianist play a hymn "in sync." Takes talent plus commitment to get that right.

Various youth singing groups have been hosted here these past twenty-five years. They included the Lutheran Bible Institutes "Family," Dry Bones, Captive Free, and New Vision. Since 2006, Lowell and Dianne Bassett were here for four years until they retired to Sun City, AZ. These concerts are a good time to invite the community to join us for these programs. And the strong and sincere witness to their faith that each group gave was a blessing for the audience.

As new hymnals became available, each pastor incorporated into the worship services music new to our Lutheran background. Memorable were the days when Pastor Nessett would lead us in practicing the liturgies from the new hymnal for ten minutes before the worship services began. This practice directly led into the present congregation being familiar with all the various liturgical settings for the services.

A pump organ was first used to accompany the services at early Zion, and was followed by the purchase in 1947 of a piano. Ten years later an organ was purchased and dedicated on April 7th. In 1971, a Hammond organ was purchased after it was brought in for a demonstration. This was upstairs in the old church, Patty Servias recalls. As each instrument was replaced, the congregation would offer the other instrument to our sister congregation, Bethel Lutheran Church, Coulee City.

Later the Evers family gifted Becky's practice organ to the church, and the Brice memorial Kurzweil digital piano was added in 1999.

At a congregational meeting in March 2012, it was suggested that we begin looking into purchasing a new organ. David Comrie did the research, and eventually contacted the Northwest Organ Co. in Spokane. David, Ralph & Linda Rise, and Patty Servias went for a demonstration on April 14. All were impressed with the quality of an Allen Protégé model. The decision to purchase

was approved by the congregation the next day followed by installation the next week, with dedication on Sunday, April 22, 2012. The Evers organ was given as a trade-in, and the Brice Kurzweil piano was offered per tradition to Bethel, Coulee City.

God's Greatest Gift

His gifts are all around us,
the bounty of His love,
He showers them upon us
from heaven, up above.
The beauty of the world we know,
is all of His own doing.
The glistening sparkle of the snow,
with its cleansing and renewing.
A flower bursting forth in March
to give us hope of spring.
Morning dew upon a leaf,
the warmth of the sun on your face,
mountains and lakes,
valleys and streams,
each setting, in the right place.
The laughter of a child at play,
the quiet of their rest,
the joy of sharing little things,
the peace within our breast.
His greatest gift, sometimes unclaimed,
and often times unheeded.
This greatest gift He gives to man
is the one that is most needed.
If we but look to Him
we can see love shining from His face
and know His greatest gift to us
is the wonderful gift of HIS GRACE.
